Six driving deaths, two involved alcohol impairment.
- Lisa Carstens, ZION Integrated Behavior Health Prevention, presented information from the American Gaming Association's Have a Game Plan Bet Responsibly public service campaign. She showed a short video on the principles of sports wagering: set a budget, keep it social, know the odds and play legally. She also informed coalition members unlike legal operators, illegal gambling offers no consumer protections and exploits the vulnerable. Whether online or in-store, illegal operators have no concerns about underage gambling and use no age verification. September is Responsible Gaming Education Month. Be safe when gambling and share with others this information.
- The Iowa Department of Public Health issued a Request for Proposal for Child and Adolescent Health and Oral Health in April, 2022 and they were to announce awards on August 17, 2022 but delayed the announcement until August 30, 2022. IDPH has reorganized all 99 counties and made 15 collaborative service areas (CSA). MATURA is in CSA 9 which covers Adair, Adams, Clarke, Decatur, Freemont, Lucas Montgomery, Page, Ringgold, Taylor Union and Wayne County. IDPH has yet to award a contract for Child and Adolescent Health and Oral Health for this area and MATURA is required to submit new RFP. It is unclear how the area will be served after September 30, 2022.
